**71 Deaths confirmed**

**4,291 Cases recovered**  **64.6%**

### Latest updates:

- QLD 1024, NSW 2,969, ACT 104, NT 27, SA 437, TAS 202, VIC 1,336, WA 546.

**47**

**CURRENT CASES INTENSIVE CARE UNITS (ICU)**

ACT	NSW	NT	QLD	SA	TAS	VIC	WA
0	21	0	7	1	1	12	5

**167**

**CURRENT CASES ADMITTED TO HOSPITALS**

ACT	NSW	NT	QLD	SA	TAS	VIC	WA
1	55	14	21	5	17	28	26

- The government announced yesterday that some elective surgeries including some dental surgeries, colonoscopies, cancer reconstructive surgeries and IVF can resume after the Anzac Day long weekend. The resumption will be based on need though, even in the private sector.
- Scott Morrison said, the tracing app will be released in the "not-too-distant future. He insists no Commonwealth agency will have access to its data.
- Virgin Australia is now being run by Deloitte administrators, who will work with the company on paying off its debts. Airline industry experts say the administrators will now have to make tough decisions, including reducing planes and staff.

## World Situation

**South Africa**

Police officers enforce social distancing as they make shoppers stretch their arms in front of them to ensure that they are at least one meter apart from one another outside a supermarket in Hillbrow, Johannesburg.

**Worldwide Cases**  
(21.04.2020, 0700 am)

**Globally +3.57% increase from day before**

2,546,527 Total cases confirmed  
687,088 Total recovered  
175,812 Deaths confirmed

The true figure is expected to be far higher due to the lack of widespread testing in many countries.

No. Vaccines against pneumonia, such as pneumococcal vaccine and Haemophilus influenzae type B (Hib) vaccine, do not provide protection against the new coronavirus. The virus is so new and different that it needs its own vaccine. Researchers are trying to develop a vaccine against 2019-nCoV, and WHO is supporting their efforts. Although these vaccines are not effective against 2019-nCoV, vaccination against respiratory illnesses is highly recommended to protect your health.

**Do vaccines against pneumonia protect you against the new coronavirus?**

World Health Organization #2019nCoV

### School arrangements for term 2 announced

QLD Premier said yesterday, from the start of **Term 2** all students who can learn from home are to stay at home. And children of essential workers and vulnerable children can continue to attend school.
