Reconciliation Week 2020 is from 27th May – 3rd June. You may know that CPA Group has an Innovate Reconciliation Plan (RAP) registered with Reconciliation Australia and we fully support and encourage involvement in Reconciliation Week activities.

Reconciliation refers to the restoration of fractured relationships by overcoming grief, pain, and anger. It is a process that involves mutual acknowledgment of past suffering and the changing of destructive attitudes and behaviour into constructive sustainable relationships.

CPA Group remains committed, to continually build positive, respectful relationships between Aboriginal and Torres Strait Islander peoples, enabling us all to work together to close gaps, and to achieve equality.

What is Reconciliation Week?

National Reconciliation Week (NRW) is a time for all Australians to learn about our shared histories, cultures, and achievements, and to explore how each of us can contribute to achieving reconciliation. The dates for NRW remain the same each year, as these dates commemorate two significant milestones in the reconciliation journey:

- the successful 1967 referendum, and
- the High Court Mabo decision.

NRW Theme 2020

One could argue given the current COVID-19 pandemic, the NRW theme this year is clearly now resonating amongst us all. It is, # In This Together. "It reminds us even in a crisis or in reconciliation, we are all in this together". Reconciliation must live in the hearts, minds and actions of all Australians as we move forward, creating a nation strengthened by respectful relationships between the wider Australian community, and Aboriginal and Torres Strait Islander peoples.

Importantly let us all remember reconciliation does not only happen one week per year!
Take Care, remain safe and again, thank you for all you do and are doing.

Social Distancing Solution

The Aura Aware is a smart distance alert system that helps employees and customers to maintain the CDC-recommended healthy distance.

The smart distance awareness device is a convenient reminder to your employees and customers to maintain healthy distancing. Staying 6 feet apart simply doesn't come naturally. This design fits well in retail environments, offices, hotels and restaurants that may be conscious of decor.
